

Camp to detect oral cancer

Staff Reporter

CHENNAI: Sri Ramachandra Dental Hospital, Porur, will conduct a camp from 8 a.m. to 1 p.m. on Saturday to detect oral cancer and pre-cancer lesions.

Those having symptoms

such as non-healing ulcer, burning sensation of mouth, white or red patches, restricted mouth opening and those who smoke or chew tobacco, betel nut or pan masala can benefit from the camp.

For details, call 98406-53928.
